

R1234yf PIERCING DESIGN RECHARGE KIT

FEATURES

- Charge A/C systems using R1234yf pierce designed cans

SAFETY WARNING AND PRECAUTIONS

WARNING: Before removing valve from can for disposal, make sure all refrigerant has been used

WARNING: Make sure hose has been purged or vacuumed before use

WARNING: Wear safety glasses

The 1990 amendments to the United States Clean Air Act mandate that all personnel who service refrigerant systems must be trained and certified. Fines are in place for violations and compliance is now being monitored by the U.S. EPA.

OPERATING INSTRUCTIONS

1. Connect can tap fitting to hose and coupler assembly.
2. Connect refrigerant can to the bottom of can tap, turn *counterclockwise*.
3. Turn handle clockwise to pierce the refrigerant can.
4. Turn *counterclockwise* to flow refrigerant.
5. First time use, purge air in hose.
6. Connect coupler to low side of system, refrigerant will flow into the system.
7. When can is empty properly discard can.
